

- Need a tank-top subplate and filter all in one unit?
- Need it simple and compact?

Our Tank-top Filter Manifolds are key additions to our range of Tank-top Subplates and Adaptors. Although basic in design, they include many of the necessary tank accessories together in one compact manifold assembly.

As with all our Standard Products, these Tank-top Filter Manifolds provide the industry with the best in design innovation and product quality.

T5RFA-R1F Single Cetop 5 and Filter Tank-top Subplate

### Single Cetop Interface Subplate

A compact subplate and tank-top filter in one unit with all the built-in features:-

- Single Cetop3 or Cetop5 interface
- System relief valve
- Filter by-pass
- Gauge indicator port
- Through bolt or threaded mounting
- Suits most common filter elements
- Aluminium standard

T3RFA-R1F Single Cetop 3 and Filter Tank-top Subplate (Indicator shown is an extra)

T3RGA-R1F Cetop 3 Tank-top Adaptor and 3 Stn Cetop3 Multi-stn Manifold (Indicator shown is an extra)

### Multi-station Cetop Tank-top Adaptor

For the system requiring multiple valve operations and a tank-top filter all in one unit, this has all the features:-

- Interface to suit Hyteco Cetop3 or Cetop5 subplates
- System relief valve
- Filter by-pass
- Gauge indicator port
- Through bolt or threaded mounting
- Suits most common filter elements
- Aluminium standard

### Ordering Code

Part No	Size	Style
T3RFA-R1F	Cetop3	Tank-top Subplate
T5RFA-R1F	Cetop5	Tank-top Subplate
T3RGA-R1F	Cetop3	Tank-top Adaptor
T5RGA-R1F	Cetop5	Tank-top Adaptor
